

 Better Plants U.S. DEPARTMENT OF ENERGY	Better Plants Webinars. A set of on-demand webinars for industrial partners, which cover a range of topics that support energy, waste, and water management goals. URL: https://betterbuildingssolutioncenter.energy.gov/better-plants/online-learning-for-industrial
 Industrial Training and Assessment Centers U.S. DEPARTMENT OF ENERGY	IAC 101 Videos. A set of training videos created by Dr. Michael Muller of Rutgers University. The videos cover common industrial energy systems, including compressed air, steam, motors, industrial cooling, etc. URL: https://iac.university/iac101
 50001 Ready U.S. DEPARTMENT OF ENERGY	50001 Ready Training Materials. A course module on the DOE's 50001 Ready energy management framework and the ISO 50001 international standard. Designed to integrate with existing courses on energy systems, efficiency, and management. Students are eligible to receive a DOE course completion certificate. URL: https://navigator.lbl.gov/training
 Schneider Electric	Schneider Electric University. A course catalog of over 120 vendor-neutral elearning courses in energy efficiency. URL: https://schneider.efrontlearning.com/catalog/college/1
 PUMP SYSTEMS MATTER	Pump Systems Matter. A set of online courses, trainings, and webinars produced by the Hydraulic Institute. Select trainings are no-cost. URL: https://training.pumps.org/
 Armstrong	Armstrong University. A wide range of free online training modules on steam system design, analysis, and diagnostics. URL: https://armstronginternational.com/learning/armstrong-university/
 spirax sarco	Learn About Steam. Online tutorials that explain the principles of steam engineering and heat transfer, and provide a comprehensive engineering best practice guide covering all aspects of steam and condensate systems. URL: https://www.spiraxsarco.com/learn-about-steam
 TRANE	Trane University. Online training focused on operating and optimizing HVAC equipment, controls and building systems. URL: https://www.trane.com/commercial/north-america/us/en/education-training/trane-university.html
 FANPEDIA	Fan-pedia: Fan and Blower Encyclopedia. Documentation with extensive visuals for understanding fan and blower technology and best practices. URL: https://aerovent.com/fanpedia/
